INAUGURATION OF OUR BUILDING

The Department of Public Policy and Governance of BK School of Professional and Management Studies, Gujarat University. The new building of the DPPG department was built and its inauguration was done on 10th December 2021, we all the students went there to attend this inauguration and our HOD Dr. Nilam Panchal arranged a small puja to celebrate this occasion and priest was invited to guide us and perform the puja.

The worship started with chanting of mantras and the idol of Lord Ganesha was installed. All the girls entered with their right leg and placed the idol of God, after that everyone performed aarti one by one. It is believed that every good work or new work should always be started with the blessings and prayers of Lord Ganesha. According to the tradition, Lord Ganesha is considered to be the first worshiper.

Lord Ganesha is the God of Wisdom and the destroyer of obstacles, that is why we worship him so there is no obstacle in the new work we are doing. Anyway, worshipping gives peace to the mind and every bad thought is destroyed, at the end you will feel happiness and serenity, with this thought of newness and freshness our new building was inaugurated and we all were very happy. The new building has three floors and floors are big and nice, everything was very good and creative.

In the end of the Pooja and worshipping of Lord Ganesha we all were very excited to start our journey in the new building and with the happy faces we reached at the conclusion, sweets were distributed as Prasad when the worship was over. It was a pleasant day for all of us.

I had an opportunity to talk with students of BK Institute of Management to introduce a Leadership workshop from Competitiveness Mindset Institute, Finding the Leader in You (FLY). During that one hour discussion on how non-cognitive skills are important for competitiveness, I found the students as very intelligent, courageous to put their views forward and engaged in learning. I had amazing time with them. I thank Dr. Nilam and the students' team to give me this precious opportunity to know the students here and in fact, being able to learn from them!

I consider it a privilege to be invited to judge an event, 'Your Word, Your Talk', at the Department of Defence Management, BKSPMS, Gujarat University. The event organised by students' run Abhivyakti club garnered and boosted organising and oratory skills of the students. Neither the Covid-19 Pandemic nor the Virtual classrooms acted as a deterrent in the spirits of the enthusiastic bunch of young minds at the institute. There were 22 participants and each one with their valuable contribution made the event a grand success. The event showcased a few important skills like Communication and interpersonal skills, Decision making and problem solving, emotional intelligence and team work etc, all a pre-requisite for students' holistic growth and development.

The event in its entirety was well- conceptualised and meticulously organised by the students. Building an institution is akin to building a nation. I congratulate Team Aphivyakti for successfully executing this event as well as my best wishes for a bright future to each one of you. The efforts of Dr Nilam Panchal for motivating and guiding the students is commendable.

इस्की बातें सुने तो बहुत कुछ बदलता है,
कहीं रिश्ते तो कहीं लोग बदल जाते है,
इसमें वहीं आते है जो हमे पसंद आते है,
और ना पसंद आनेवाले भी इधर अपनी निशानी छोड़ जाते है,
ये सब से प्यार और नफरत अपने आप से कर लेता है,
और हमे भी अपने सोच से मिला देता है,
ये सब के लिए पानी जैसा साफ होता है,
लेकिन काच जैसे टूटने पर भी आवाज़ नहीं करता है।

MODERNIZATION of EDUCATIONAL POLICY – GLOBAL NEED

NEW EDUCATION POLICY:

The third national education policy came in the recent year of 2020. The third is the NEP released under the Prime Minister'ship of Narendra Modi. The National Education Policy of India 2020, which was approved by the Union Cabinet of India on 29 July 2020, outlines the vision of new education system of India. The new policy replaces the previous National Policy on Education, 1986.

AIM OF NEW EDUCATION POLICY 2020:

The New National Education Policy 2020 aims at the universalization of education from pre-school to secondary level with a 100% Gross Enrolment Ratio (GER) in schooling by 2030. This policy talks about reorganizing the existing 10 + 2 school system into a new system of 5 + 3 + 3 + 4, the basis of the curriculum and teaching of all children aged 3 to 18 years. At present, children between the ages of 3 to 5 are not included in the 10 + 2 structure, as 6-year olds are admitted in class 1. The current 10 + 2 system is to be replaced by a new 5 + 3 + 3 + 4 curriculum structure as per the age of 3-6, 6-11, 11-14 and 14-18 years respectively.

ADVANTAGES & CHALLENGES OF NEW EDUCATION POLICY 2020:

To make the board exams of classes 10 and 12 easier, the core competencies have to be tested instead of memorized facts, all students are allowed to take the exam twice. An independent authority to regulate both public and private schools. There is no rigid separation between educational streams, extra-curriculum, vocational stream in schools. Vocational education starting at class 6 with an internship. Expansion of Education, Lack of human resources & A new and comprehensive National Curriculum Framework for Teacher Education (NCFTE) will be prepared by NCFTE in consultation with NCERT & by 2030, the minimum degree qualification for teaching is a 4-year integrated B.Ed. Degree.

Education, Lack of human resources & A new and comprehensive National Curriculum Framework for Teacher Education (NCFTE) will be prepared by NCFTE in consultation with NCERT & by 2030, the minimum degree qualification for teaching is a 4-year integrated B.Ed. Degree.

Conclusion and Student's thoughts about NEP 2020:

Education is an *essential* and *indispensable* element for the all-round development of any society and country and a comprehensive national education policy is formulated by a nation to fulfill this requirement. The New National Education Policy, 2020, approved by the Government of India, is an important initiative in this direction. The success of this new education policy will depend on how it is implemented. *Therefore, it can be said that India is the country with the youngest population and India's future will depend on providing high-quality educational opportunities to these youth.*
